Very Reasonable Tuition Rates and No Long Term Contracts

At A Teacher's Helping Hand, our tuition rates are very reasonable for the intense, individualized, top-quality direct teacher instruction coupled with independent research-based reading in the content area programs. Incentives will be provided for each child and tutoring will only be with highly-qualified and state certified teachers with a bachelors or masters degree, or a Title I qualified Paraprofessional who has either completed 2 undergraduate years in college, or have passed the State of Florida Paraprofessional Pro Test

We also offer substantial family discounts when two or more children in your family enroll.
